VOL VI—NO. 56

MADISON, FLA., THURSDAY, AUGUST 22, 1907.

Extra Session A Probability.

Tallahassee, Aug. 17.—There is little doubt that an extra session of the legislature will be called by Gov. Broward upon his return from North Carolina, where he has been spending a few weeks with his family.

The discovery has been made and the announcement made in a semi-official way this week, that none of the special appropriations made by the recent legislature can be paid, because of the fact that the tax levy and license taxes will not produce sufficient revenue over and above the current expenses of the State to pay them.

Matters were brought to a focus when the Controller notified the Governor that he would refuse to draw any warrants for the payment of furniture for the new mansion.

The appropriation for finishing and furnishing the mansion comes in the category of those that cannot be paid, because they are extraordinary and do not come under the head of regular or ordinary expenses and the Attorney General has given an opinion that under a law passed the last day of the session, the current expenses of the State must be paid or provided for before any of the appropriations are paid, and this being the construction of the law the Controller says there is nothing to do but hold them all up, for there will not be money enough to pay them.

The situation was anticipated by Gov. Broward and he sent a special message to the Legislature two days before the close of the session calling attention to the condition, which would confront the administrative officers if proper action were not taken by the Legislature.

The situation, in brief, is that the levy of two mills for general revenue is insufficient, and the Legislature must meet in extraordinary session and complete the task which was left uncompleted the last day of the session when the other act was passed.

Aside from the financial matter there are other subjects which will need disposal at the hands of the Legislature, offering cause for an extra session.

The work of the investigating committee is drawing to a close, and as the entire State is interested in the committee's report, it will be necessary for the legislature to meet, receive the report and make disposal of it. It is thought, too, that if the Governor determines upon calling an extra session he will do all in his power to have a resolution for a constitutional amendment making a prohibition State passed.

Notice of Examination.

The regular examination for teachers will be held at the court house at Madison, beginning at 8:30 a. m. Tuesday, September 3rd, 1907.

Prof. Cate to the People.

To the Citizens of Madison County: The Florida Normal Institute, which is the High School of Madison county, opens for a ten months session on September 3rd. Tuition in literary departments is free to all of school age of this county. No other county in Florida has a High School free for the entire county for ten months. The liberality of the Town Council and the School Board make this possible.

As Principal of the school I appeal to you to help me make it larger and better. Send for catalogue. Send us your children. Write people in other States and counties. Send me their names and I will send them catalogues. In this way you can be of great aid to me in building up a school of which the whole county and State may be proud.

I do not think there will be any trouble in getting heard. Move into Madison with your family and educate your children.

In addition to High School course of twelve grades (two more than last year) we have Normal, Music, Commercial, Art and Elocution departments.

Call to see me when in town. Ask at a drug store for catalogue.

Yours for education,
W. B. CATE.

Pinetta Happenings.

We have patiently waited for "Violet" to write the news from this place again, but as she seems to have no inclination whatever to do so, we thought it best to give a few dots from here this time as we certainly want the good people of Madison county and elsewhere to know what is going on in old Pinetta.

Messrs. Terry, Sutley and Shepard spent a few days of last week in Savannah.

Mr. John Slater returned from Dunnellon last Sunday.

Rev. Mann is conducting a revival meeting at this place this week.

Mr. and Mrs. S. T. Corbett of Madison spent last Sunday with friends and relatives here. Mr. Corbett is a former resident of this place and we are always glad to have him and his family with us.

Several of the young people from the Hickory Grove neighborhood attended services here Saturday and Sunday.

W. H. E. Terry has the hotel under erection now and when completed will add greatly to the looks of our progressive little town.

We notice that our little sister village, Greenville, is having lots to say for itself. Perhaps some day in the near future Pinetta can do likewise.

Letter from Pastor Marsh.

The following letter from Rev. R. T. Marsh, pastor of the Baptist church, will be read with interest by the members of his congregation as well as by his numerous friends in this vicinity.

The letter is dated at Greenville, S. C., Aug. 17th, and is as follows: "After a few days at the Springs we proceeded to Bishopville, S. C., where all of us fully expected to spend 3 weeks doing nothing. But just before we left the Springs a letter came requesting me to fill the pulpit of the First Baptist church, Greenville, S. C., the next three Sundays. I consented, and after spending one day at Bishopville I came to Greenville.

"This church has about 800 members and is the most prominent church in the State.

"After three Sundays here in this beautiful mountain city I expect to reach Madison on good time for the second Sunday in September, the first Sunday of the school term. Forward New Enterprise to me at Blue Ridge hotel."

Mr. Henry Haven and family of Madison spent last Sunday with his parents, Mr. and Mrs. G. B. Haven.

Mrs. Margaret Williams of Dowlings Park is visiting her daughter, Mrs. Pasco Miller, at West Farm.

School closes next Friday. The attendance has been good considering the sickness. The School Board has granted Lee another four months' term which will be taught later. Lee deserves it and ought to have an eight months' term every year and the sooner the patrons realize the fact and go to work for it the better it will be for the children's educational advantages. Some of the patrons are already talking about it.

Wonder what young man started to Blue Springs last Friday and came back because he got afraid of his horse. Look out young man, or you will cause "your girl" to think you are not brave and then she will be afraid to trust herself to your life-long keeping.

The September Woman's Home Companion is remarkable principally for two things—the exquisite cover, by Earl Stetson Crawford, which won the \$1500 prize recently offered by the Companion, and for an excellent article on the influence of Business Life on the character of the individual. Anna Steers Richardson, who represents the magazine cover, and the article is a profound study in the influence of the true woman, Mr. Temple, delivered when he was a student at the University of Chicago, and is a small crowd of citizens.

Some handsome views around town have been made and printed on post cards by Taylor & Son, the photographers. The cards may be had either from the photographers or at the drug stores and our people should secure a set of them to mail to absent friends.

Charles S. Harby jr., of Greenville, has accepted a position for the winter season with W. S. Overstreet, the popular dry goods merchant. Mr. Harby is well known to the people of Madison county and he extends to his friends a cordial invitation to call on him at Overstreet's where he will be pleased to meet and serve them.

Dr. and Mrs. Ruter arrived in the city last Thursday from an extended trip of several weeks as far west as California. They left for their home in Live Oak Friday morning. The doctor says that country is a marvel of beauty and prosperity but thinks that Florida is, after all, good enough for him. He met up with Young Hunter in Tucson, Ariz., and says that Young has become so fat and stout that his friends here would hardly know him.

Prof. Walter Cate, the energetic and efficient principal of our High School and Normal Institute, has a letter in this paper concerning the school and its opening next month. Every patriotic, home loving citizen should read the letter and respond promptly as far as possible to the professor's requests. Our school under Prof. Cate's management has already made a name for itself and with the proper encouragement, sympathy and support of the home people is destined in another year to rank second to no other school in the State.

"We never repent of eating too little," was one of the ten rules of life of Thomas Jefferson, president of the United States, and the rule applies to every one without exception during this hot weather, because it is hard for food, even in small quantities, to be digested when the blood is at high temperature. At this season we should also help the stomach as much as possible by the use of a little Kodol for indigestion and dyspepsia, which will rest the stomach by digesting the food itself. See by W. B. Davis.

David K. Temple of Estero, Fla., was a visitor to Madison on Monday and favored this place with a call. Estero is the home of what is known as the Koresch people, the Koreschans being a sect of people who hold to what the ordinary man considers very strange and peculiar beliefs and faith. They are in that class who regard themselves as disciples of advanced thought—whatever that may mean—and have doctrines of their own which they regard as the true religion. Mr. Temple delivered when he was a student at the University of Chicago, and is a small crowd of citizens.

The baseball teams of Monticello and Thomsville will cross bats on the Monticello diamond to-morrow afternoon and the Monticello boys are anxious for a crowd of Madison "rooters" to come over and help them out. The teams are well matched and an exciting game is promised. Nick West of Greenville will do the twirling for the Monticello team.

Miss Willie Hineley entertained several couples of her friends with a box ball party at the alley last Friday evening. Mrs. Claude Morrow chaperoned the young folks and the game was indulged in until a late hour when refreshments were served. Miss Lila Tucker and Col.
